We have had a very exciting term of sport this autumn. We have started using the Community Centre for afternoon PE lessons and entered our first table-tennis competition.

Year two have started swimming lessons this term and year three will attend for the rest of the year. It has been great to see the progress they have made in a matter of weeks. Well done to all the children who have achieved a certificate!

We are so fortunate that we are able to offer our children a wide variety of clubs before and after school. This term we have been successful in many sporting events. Thank you to those parents who supported us at matches and tournaments. Thank you, children, for representing our school in a way that makes us proud.

I hope you will enjoy reading a summary of sport in our school this term - Mrs Waterman

### **New Clubs for Spring:** Table Tennis Coaching, Girls Football, Cheerleading and Gymnastics

What a busy term it has been for Basketball! Years 4, 5 and 6 have been competing hard and had some fantastic results. Most recently, we won a trophy as both our A and B teams came first in a tournament at BCHS. Well done to all those who competed, including the 'netball girls' who hadn't played before. Years 4, 5 and 6 have had the opportunity to play a couple of games each at Champions Academy. I am looking forward to our tournament next week, where we will be competing for a place in the Winter Games.

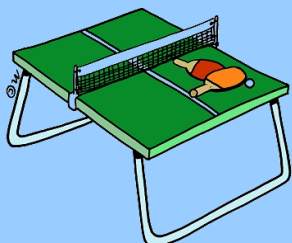

This term some of our Junior girls have enjoyed playing netball. The girls have been working very hard and I have been impressed with their netball skills. The Yr 6 team played a tournament at BCHS where we came second. This helped us to work on our attacking skills and game plan. Our last match was against Kelvedon Hatch, which we won! It was a tough match and the girls made us proud. Well done girls! Thank you to Mrs. Bowtell for helping with coaching. I look forward to next term.

Mrs. Vlok

Last month, we were very lucky to be able to take part in the Essex Regional Table Tennis tournament. It is the first time we have played any competitive matches. The 2 teams played exceptionally well against some very tough competition. Some teams had played many other schools to reach these finals. Mrs Waterman and myself were very proud of our children, due to their excellent effort and behaviour. Next term we will have a coach for years 4&5 - see the club timetable.

Mrs Curness

We have had professional coaching in our football clubs this term and for our Year 5 and 6 PE lessons. We entered 2 tournaments at Shenfield High School, a five-a-side tournament at BCHS and played a match against Ingrave Johnstone. Our biggest triumph was our league match which we won 11-2. Look out for our girls football club for Years 4 & 5 next term - I'd love for them to compete too!

#### Coming up in Spring Term:

- Indoor Athletics Competition
  - Swimming Gala
  - District Cross Country Competition
- and more!
