

Maths

This term in maths we will be:

- Measuring angles with a protractor and identifying whether they are acute, right or obtuse.
- Classifying triangles and quadrilaterals based on their properties and size.
- Identifying symmetry in shapes.
- Measuring length, mass and volume with the appropriate utensils.
- Interpreting data using graphs, bar charts, pictograms, tables and time graphs.

We will also ensure we know all of our times tables.

English

In English we are learning how to write a letter. We will write a letter to our favourite author ensuring we follow the format learned in class. We will send our letters and hope for replies from the authors.

We will then look at poetry and write our own haiku and cinquain poems.

After half term we will be learning how to write in a persuasive style and we will have the opportunity to plan and write our own stories.

Topic

During the summer term we will be finding out about stories and festivals within Hinduism. We will explore the different gods and goddesses and research the stories related to them, with a particular focus on Ganesh, Lakshmi and the Trimurti.

We will learn about symbolism relating to the religion. We will closely study the festivals of Puja and Diwali by making diva lamps, flower garlands and fabric printing.

R.E.

Our values this term are perseverance and respect.

In RE this half term we are fortunate to have Brentwood Christian Workers Trust teaching us about the Old Testament. Actions and role play are used to explore the stories in the Bible. After half term we will be learning about Islam. We will learn what it is like in a mosque and how Muslims pray.

Science

In science this term we will be learning about Electricity. We will identify appliances that run on electricity, construct simple electrical circuits and recognise some common conductors and insulators.

We will then find out about animals, including humans. We will describe the functions of the digestive system, identify the different types of teeth in humans and construct food chains.

P.S.H.E.

We are going to be learning about the human life cycle and the responsibilities parents have for babies and children. We will also discuss what it means to 'grow up'.

We will also talk about managing change and explore the different emotions involved when we experience a big change in our lives.

P.E.

In P.E this term we will be having athletics lessons with Mr Oakes. This will help us to prepare for sports day. We will also be learning how to play rounders.
