

## Summer Term 2017

English

In English, we will mainly be revising for our tests! We will go over all of the G.P.S. rules and vocabulary we have learnt, ensuring we can answer related questions and apply our knowledge to our writing. When we are writing, we will focus on a few key areas: planning a variety of text types, including features relevant to the text type; ensuring our writing has a clear structure and showcasing a range of appropriate punctuation and impressive vocabulary. With our reading comprehension, we will practise answering questions carefully and clearly, using evidence from the text to support our ideas.

Topic

Because in our first half term we will mostly be concentrating on English, Maths and Science, we will focus less on topic-based learning to begin with. However, we have many new areas of learning for after half term. We will continue with our Financial Literacy lessons, which will culminate in a half day activity workshop with members from the Barclays team. We will also improve our knowledge of the French language, ready for our trip to France. In addition to all of this, we will make sure we are fully ready for secondary school!

Our Christian Values this term are **PERSEVERANCE** and **RESPECT**.

P.E.

This term we will continue to work on our strength and fitness during our aerobics lessons. Later on in the term, we will learn new athletics skills and improve our rounders techniques.

Science

In our Science lessons we will learn about *living things and their habitats*, and *evolution and inheritance*. In addition to this we will revise all the other areas of science we have covered so far.

# YEAR SIX

Maths

As with English, we will spend much of the term consolidating and extending our knowledge as we prepare for our tests. We will concentrate on number properties, calculation methods, interpreting word problems, algebra, ratio and proportion, measurement, geometry and statistics.

P.S.H.E. and R.E.

We are approaching a time of many changes - our schools, our emotions and our bodies, to name a few - and we will be reflecting upon how these affect us and what we can do to make these transitions easier. Some of us will be undertaking the journey towards confirmation this term. We will be thinking about what this means to Christians. As we prepare for our Leavers' Service, we will be reflecting on our time at Hutton All Saints' and our future lives.
